

# "OWN YOUR OWN POWER"

## A Photo Voltaic SOLAR SYSTEM For Your Home

The cost of electricity  
today is **11¢/KWH**  
That is projected to rise to  
**80¢/KWH** in 20 years\*

**SAHBA**

Southern Arizona Home Builders Association

**BBB** ACCREDITED  
BUSINESS

Thanks to significant advances in solar power technology, photo voltaic systems, which convert light directly into electricity, have become much less expensive and much more efficient. So efficient, that a solar system can generate enough electricity to provide all your energy needs. **Imagine no electric bill!** And there are more reasons to go solar too—which will save you even more money all while you reduce emissions from the burning of fossil fuels.

### UTILITY REBATE

\$0.60 per KWH\*\*

### FEDERAL TAX CREDIT

30% of purchase price

### ARIZONA STATE TAX CREDIT

25% up to \$1000

### FIXED ENERGY COSTS

Hedge against rising power costs

### LOW OPERATING COSTS

Low maintenance

### LONG LIFE OF SYSTEM

25 to 40 years--with a 25-year warranty

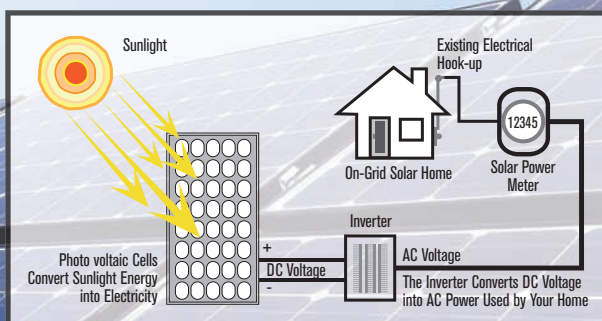

### INCREASED PROPERTY VALUE

No increase in property taxes for solar equipment

### 5-6 YEAR PAYBACK

The following table describes the cost and credits for a typical turn key residential solar installation. Residential purchase financing available, consult your Abco Solar representative.

Annual Electric Usage (KWH)	12,250	14,000	17,500
Annual and Monthly Bill	\$1,408 / \$117/Mo	\$1,610 / \$134/Mo	\$2,012 / \$167/Mo
DC (watts)	7,000	8,000	10,000
Total System Price Installed	\$35,000	\$40,000	\$50,000
Utility Rebate @ \$0.60**	<b>\$4,200</b>	<b>\$4,800</b>	<b>\$6,000</b>
Cash Required	\$30,800	\$35,200	\$44,000
Federal Tax Credit @ 30%	<b>\$10,000</b>	<b>\$12,000</b>	<b>\$15,000</b>
State Tax Credit	<b>\$1,000</b>	<b>\$1,000</b>	<b>\$1,000</b>
Net Cost to Customer	\$19,300	\$22,200	\$28,000
20 Year Lease	\$117/Mo	\$125/Mo	\$156/Mo

### ABCO SOLAR

is a licensed solar installation company with an experienced team of installers, engineers, and electricians. We offer photo voltaic solar systems for residential, commercial and industrial customers. Abco Solar can help you with every aspect of your solar system from choosing the right one to permitting, financing, tax incentive information and professional installation.

**CALL US TODAY FOR  
A FREE ESTIMATE**  
and start saving  
money (and the  
planet) with a clean,  
money-saving, long-  
lasting photo voltaic  
system for your home.
